

«Theoretical and Applied Aspects of Cybernetics» 25-29 November 2013, Kyiv, Ukraine
International Scientific Conference of Students and Young Scientists

Scientific Community of Students and Postgraduates
Cybernetics Faculty of Taras Shevchenko National University of Kyiv
V. M. Glushkov Institute of Cybernetics of NAS Ukraine
Institute of Software Systems of NAS Ukraine

Invite you to take part in
III International Scientific Conference of Students and Young Scientists

«Theoretical and Applied Aspects of Cybernetics»

This event will be held **from 25 to 29 November, 2013** in Kyiv. It will be based on Cybernetics Faculty of Taras Shevchenko National University of Kyiv.

This conference is dedicated to the memory of Victor Glushkov. He was the founder of Institute of Cybernetics NAS of Ukraine, the founder of Cybernetics Faculty in Taras Shevchenko National University of Kyiv and academician of the SRSR and URSR.

In addition to plenary sessions you have an opportunity to visit theme parties, take some excursions around Kyiv, find new friends and like-minded people, fill yourself with positive emotions and have a good time.

Papers of the conference will be published in the proceedings and on conference's website, printed copy of which will be presented to every participant. The cost of the proceedings is included into the participation fee.

Organizational issues:

- Registration and paper submission deadline: **27.10.2013**.
- The official languages of conference: Ukrainian, English, Russian.
- Only articles written in English will be accepted.
- All papers will be processed by the organizing committee of the conference. Authors of works that passed their review will receive an invitation to the conference.
- The meeting will be held in the format of reports. 20 minutes is given for report, 10 minutes — for discussion.
- Roundtables will be organized for additional discussion of topical issues of cybernetics and the most interesting reports.
- You should fill the registration form in «Registration» section on the conference web site <http://taac.org.ua/reg.htm>.

«Theoretical and Applied Aspects of Cybernetics» 25-29 November 2013, Kyiv, Ukraine
International Scientific Conference of Students and Young Scientists

•Registration fee is:

Category of participants	Early registration (until 20.08.2013)	Late registration (until 27.10.2013)
Participants from Ukraine	200 UAH	250 UAH
Participants from other countries	50 Euro	60 Euro

- From 25 to 29 November, when participants will be in Kyiv, they will be provided with a residence. Approximate price is 150 UAH (15 €) per day (paid separately from registration fee). If it's necessary there will be an opportunity to stay for additional time in the hostel (150 UAH (15 €) per day).

The scientific program of the conference includes the following sections:

1. Computer Science:

- 1.1 Bioinformatics.
- 1.2 Information security and cryptography.
- 1.3 Database and Knowledge Base.
- 1.4 Analysis of Algorithms.
- 1.5 Data Structures.
- 1.6 Genetic algorithms.
- 1.7 Mathematical Logic.
- 1.8 Fuzzy sets and Rough sets.
- 1.9 Automata Theory and Formal Languages.
- 1.10 Graph Theory.
- 1.11 Petri nets.
- 1.12 Applications of General Algebra.
- 1.13 Constraints Programming.
- 1.14 Automated Theorem Proving.
- 1.15 Model checking.
- 1.16 Analysis and Verification of Software.
- 1.17 etc.

2. Applied Mathematics:

- 2.1 Applied Mathematical Modeling.
- 2.2 Mathematical Modeling of Social, Ecological, and Economic Processes.
- 2.3 Computational Geometry.
- 2.4 Fractal Analysis and Dynamic Chaos.
- 2.5 Signal Processing and Image Processing.
- 2.6 Theory and Methods of Optimization.
- 2.7 System Analysis and Decision Making.

«Theoretical and Applied Aspects of Cybernetics» 25-29 November 2013, Kyiv, Ukraine
International Scientific Conference of Students and Young Scientists

- 2.8 Game Theory.
- 2.9 Systems with Distributed Parameters.
- 2.10 Differential and Integral Equations.
- 2.11 Numerical Methods.
- 2.12 Combinatorial Analysis.
- 2.13 Data Mining.
- 2.14 Nonlinear Analysis.
- 2.15 Mathematical Statistics.
- 2.16 Random Processes and Stochastic Systems.
- 2.17 Queuing Theory.
- 2.18 Actuarial Mathematics.
- 2.19 Financial Mathematics.
- 2.20 Algebra and Topology.
- 2.21 Categorical Analysis.
- 2.22 Applied Functional Analysis.
- 2.23 Optimal Control.
- 2.24 etc.

3. Artificial Intelligence:

- 3.1 Machine Learning.
- 3.2 Computer Linguistics.
- 3.3 Machine Translation.
- 3.4 Robotics.
- 3.5 Intelligent Information Systems.
- 3.6 Intelligent Agents and Networks.
- 3.7 Pattern Recognition.
- 3.8 Adaptive Systems.
- 3.9 Intelligent Information Processing.
- 3.10 Cognitive Modeling.
- 3.11 Computer Vision.
- 3.12 Information Retrieval.
- 3.13 Expert Systems.
- 3.14 Neural Networks.
- 3.15 etc.

4. Software Engineering:

- 4.1 Engineering Software.
- 4.2 Software Testing.
- 4.3 Programming Mobile Devices.
- 4.4 Parallel, Distributed and Cloud Computing.
- 4.5 Design and Development of Real-Time Systems.
- 4.6 Software Development Technologies.

«Theoretical and Applied Aspects of Cybernetics» 25-29 November 2013, Kyiv, Ukraine
International Scientific Conference of Students and Young Scientists

- 4.7 Information Systems Development Technologies.
- 4.8 Software Project Management Methodology.
- 4.9 Reengineering Software.
- 4.10 Computer Networks and Systems.
- 4.11 Approaches to quality assessment and reliability software.
- 4.12 etc.

Sponsors of the conference:

Partners of the conference:

Visit conference web page: <http://taac.org.ua> for more information.

You can communicate with organizing committee by e-mail: conf@taac.org.ua

We will be happy to meet you at the conference!

Best regards, Organizing Committee.
